## BACILLUS COAGULANS BC99

High Heat Resistance Up To 100°C

### PAT Vitamins is now offering *BACILLUS COAGULANS BC99* (GRAS Certification)

BC99 is Generally Recognized as Safe (GRAS) based on scientific procedures under the conditions of intended use in foods specified. In addition to the same health benefits of Lactobacillus and Bifidobacterium, it has the characteristics of high heat resistance (High Heat Resistance Up To 100°C), acid resistance, salt resistance, and offers more storage stability. Our material is also clinically proven to help relieve digestive issues.

#### Applications:

Dietary supplements

Bakery

Hot beverages

Functional food

Instant food

#### Main Functions:

1. Inhibits harmful bacteria and regulates intestinal flora
2. Enhances immunity and reduces inflammation
3. Metabolizes enzymes and promotes healthy digestion
